

CAPMAN INFRA SECURES GLOBAL SUPPORT FOR THE FUND AND CO-INVESTMENT SYNDICATION

NEW YORK / LONDON / HONG KONG - **Atlantic-Pacific Capital Inc.**, one of the largest privately-owned global placement agency and advisory firms, is pleased to announce the final closing of **CapMan Nordic Infrastructure I** (the “Fund”). The Fund received commitments from a diverse group of LPs including SWEN Capital Partners, Ilmarinen Mutual Pension Insurance Company, The Church Pension Fund and Tradeka Invest Ltd amongst others. Since inception three years ago, the CapMan Infra team has successfully attracted global institutional capital and invested in six assets with total assets under management now at approx. EUR 400m.

In addition to the Fund’s final close, the team successfully attracted c. EUR 50m of new co-investment capital from three international institutional investors for this syndication of its investment in Norled, an operator of ferries and express boats in Norway. The investment, the Fund’s first seed asset, closed in July 2019.

CapMan Infra was established in 2017 and has grown to a team of nine experienced professionals based in Helsinki and Stockholm. The Fund invests in mid-sized core and core+ infrastructure assets in the energy, transportation and telecom sectors across the Nordics. The Fund seeks to capitalize on the significant infrastructure investment needs, taking advantage of the team’s extensive local networks to source proprietary opportunities in a less competed space. The in-house asset management skills will drive active value creation. To date, some 70 per cent of the Fund capital raised has been committed to four investments across the target sectors, which despite the challenging environment, have performed in line with original expectations. The CapMan Infra team also manages two investment mandates on behalf of institutional investors.

Ville Poukka, Managing Partner, said, “We appreciate Atlantic-Pacific’s involvement in building our investor base for the future. We are pleased that our investment strategy generated significant interest both locally and internationally resulting in a supportive and global investor base. This is an interesting market, and we are looking forward to continuing to identify compelling opportunities and delivering strong returns for our LPs.”

Richard Awbery, Partner at Atlantic-Pacific, said, “It has been a pleasure to partner with the CapMan Infra team and support this initial chapter of growth. The heavily seeded portfolio was crucial in securing new commitments and investors recognized the team’s focus and unique approach to uncovering value in the Nordic infrastructure market. We look forward to the firm’s continued success.”
